

IVECO 65C18 COMMAND SUPPORT UNIT

£14,999.00 plus VAT

This is the support unit to the forward command unit which we recently had in. This was over £200,000 new ! Purpose built by W.H Bence coachworks in Bristol for the NHS.

The quality of their work is second to none.

This is 6.5 ton gvw, with a 180 bhp engine and silky smooth auto/manual gearbox. Specified with air suspension, hydraulic/electric tail lift, fully lined box and still has the Night Owl lighting tower in operational order.

There is also a Cummins Marine diesel generator fitted.
